Philip,

I ran into Tony earlier and he explained a bit what you guys are looking for. I am not aware of any agencies currently consolidating and excessing their furniture. I know of agencies planning to, but I don't think the timeline is in sync when you guys would need it. What is your timetable?

I do know that Rickey Parker should be able to point you to the Furniture Disposal Inventory they have and you can see what is available from other agencies. Have you work with Rickey Parker yet on this project? He's the main POC for disposing of federal property.

Thanks.

Has the swing space lease been signed? I've been out of the loop a bit. Thanks
